NEW DIMENSIONS SOCCER is a movement aimed at unifying children from a wide variety of backgrounds on the soccer field for the purposes of fun, fellowship, and competition. Our primary mission is to serve refugee, immigrant, and underprivileged children. Typically played in a 4v4 format, NEW DIMENSIONS SOCCER expands its horizons with the establishment of an international exchange program to include camp experience, skill improvement, 8v8, and 11v11 games toward the total development of both the player and the child.
